LETTER OF THE PEOPLE.

DEMOCRATS IN FAVOR OF WHITE SUPREMACY MUST, HUNT ANOTHER PARTY.

A WORD ABOUT THE OFFICE SEEKERS.

The Democratic Party Has Never Carried out the Pledges it has Made to the People—Time to try Another Party.

THE TIME HAS COME WHEN ALL GOOD MEN SHOULD LEAVE THE DEMOCRATIC PARTY!

How any good and intelligent man can arrive at any other conclusion, I cannot see, provided he will lay aside prejudice and calmly consider the past and present record and teachings of the leaders of the Democratic party.

We readily admit that there are good men in the rank and file of that party who are like Paul of old. Viz: Paul was an honest man at heart and wanted to do right, but such had been his early teaching and training, that he was under delusion, as evident from the fact that he thought he was doing God's service, when he was persecuting the true church of Christ. See Acts 16:9 10.

Then it is clear that Paul was deluded by his early training! His teachers, either because of their corrupt hearts or their ignorance, had taught Paul wrong, and that led him astray.

And here let me say, there is a striking analogy between Paul's condition and the condition of thousands who are in the Democratic party today in North Carolina.

That the above assertion is true is evident from several considerations.

1. Paul was taught wrong, and by that he was led astray.

2. Paul was honest and thought he was right when he was wrong.

3. It required a miracle to convince Paul that he was wrong.

Now let us see if the three positions taken above are true, when applied to rank and file of the Democratic party, their teachers and leaders.

But to keep from making this article too long, we must condense all we possible can. But let us notice

1. PAUL WAS TAUGHT WRONG &C.

Now I ask in all sincerity, has not the rank and file in the Democratic party been taught wrong by their leaders for over 40 years?

They certainly have been! And while I dislike to refer to it, yet as an honest man and in defence of truth, I must ask the honest reader to go with us back to 1860 and '61. Who was it that taught you then, that secession was right and legal and to secede from the great compact of states composing this glorious Union, would be to your interest?

Answer democratic leaders by the press and from the stump and pulpit! You know this to be true as gospel, provided you are 60 years of age, or even well read the history of your country!

Were you deceived by them? Yes. And out of the Union you went, believing like Paul, that you were right, and like Paul was by the church, you persecuted men, women and children, who did not fall in line with you, according to the teachings of your democratic leaders. And as for preachers, they had no showing at all, unless they favored secession! And you were taught by the same leaders to look with contempt on your brother in the church, provided he was not a secessionist, being deceived, you did it, and by this the church lost in a great measure its power for good!

Well I take it for granted that you are ready to acknowledge you were deceived by your leaders. Then I ask, was secession for you good, as your leaders taught you? No! a thousand times no! Saying nothing of the milliones of property lost, the bones of hundreds of thousands of our loved ones North and South, lie bleaching in the soil proclaim that secession was not for your good, although your leaders by the press and from the stump and pulpit, declared it was for your good.

Now let me appeal to every honest, but deceived democrat and ask you, have not your leaders and teachers been deceiving you for over 60 years?

Haven't they been on every side of nearly every great issue that has come before the people? They certainly have!

They have declared in the most solemn terms, that free trade was the only salvation of the country and got you to believe it and you put them in power! Did they abolish the protective tariff? No! They told you the free coinage of gold and silver at the ratio of 16 to 1, was the all important issue, and if you would put them in power you should have it &c. You believed them and gave them contol of the National Government—President, House and Senate. Did they do what they promised? No! But killed every bill introduced favoring what they swore they would give you! Like Paul, you were deceived. They promised you prosperity if placed in power. You placed them in power and the result was they gave you poverty, suffering, and stagnation of business all over the country.

But let us now come more directly to North Carolina. Did they not tell you that you were in danger of negro domination &c. Yes, and you believed them. They cried loudly for white supremacy. Were you in any danger of black supremacy?. No! I think every negro county in the state went democratic. Then the Democratic party is the negro party in North Carolina or its leaders are rogues and stole the negro's vote.

We are bound, as you see, to brand them with one or the other. Then if you are an honest man and in favor of white supremacy, to be consistent, you must leave the Democratic party, for it cannot be, as you see, a party with honest leaders and a white supremacy party too. But from my standpoint it must be a party whose leaders are in favor of negro domination and stealing both. Can you stand both of these evils practiced under false pretense?

Now for the facts, viz: Democratic leaders appointed all the poll holders for the election in Aug. 1900.

Well, did they appoint any negro poll holders where white men could be had? Answer. Yes! About 200 in all. Then those negro poll holders were judges as to whether men had a right to vote or not! Which then was on top, the negro or the white man? You are bound to say the negro, and he had democratic guards there armed to keep the negro on top of the white man. Who then put the negro up and the white man down, and who appointed armed men to keep the white man down and the negro on top? Answer. Democratic leaders, who cried themselves hoarse for "White Supremacy!" Honest democrats, can you stand all that?

Well from the foregoing the leaders of the Democratic party must favor negro supremacy. And from my standpoint they must be rogues also, from the fact they claimed that they got 2,000 more votes in Halifax county than there are registered voters in that county, including Republicans, Populists, Democrats and Negroes. And the proof of the above is abundant, for just such thefts were committed in many counties in the state, including Davidson and Forsyth.

Well, democratic leaders have claimed to be very loyal to both, the Federal and State Constitutions, and they made some of you believe it. But the facts as shown up by the democratic legislatures of 1898 and 1900, shows conclusively that they are not loyal to either. They could take the oath of allegance to Federal Constitution, and then violate the 14th amendment. They violated the Constitution of North Carolina by enacting laws contrary thereto.

They tried to make you believe that the Populists and Republicans were all office seekers, but democrats were not, that they were only working to "save the state." But when they reached control of the state, by lieing, fraud, deception intimidation, theft and murder, what did they do? Answer. They commenced increasing salaries and creating new offices, so as to give pie to as many of their favorites as possible!

But honest democrats, I call your attention to the fact that your taxes and mine must be increased to meet all these things.

Now I ask you to pause and calmly consider all these things. Unless you do, like Paul, nothing but a miracle will convince you that you have been and are now wrong by following democratic leaders.

I know how hard it is to brake off from them. I was raised up in a democratic community, I heard their teaching, viz: "That only democrats are right, and a man, be his age or calling what it might, was not worthy of respect or fit to associate with, if he was not a democrat. And so strongly and persistently were these things instilled into my mind as I grew up, in the main I believed them, and like many others, I acted accordingly.

I well remember when I would not go and hear a certain minister preach. because he was republican. And I hardly showed him respect when I met him. Yet no doubt he was a good man. How I wish now that I could beg his pardon, but I cannot, for he is dead. Like Paul, I was deceived, for democrats said I was treating him just as he should be treated. About 1883 I commenced doing my own reading and thinking, and like Paul, I was convinced that I was wrong in following democratic leaders, so I left them and burnt the bridge behind me, and God being my helper, I will never return. And now one of the great regrets of my life is, that I cannot apologize and beg pardon of that minister that I would not hear preach because he was not a democrat. He is dead, I cannot beg his pardon, but God knows I am sorry I treated him as I did. For 20 years I followed the Democratic party.

Now honest democrats, if you will only pause and consider, read and think for yourself, I believe, for your own good, and that of others, you will leave the party, that has caused so many heart aches, bloodshed and variences among brethren, neighbors and is impeding the progress of Christianity in our land. "Come out from among them and be ye separate, sayth the Lord, and I will receive you &c." 2 Cor. 6:17-18.

CLAIM ACAINST TURKEY PAID.

An Indemnity of $95,000 Paid Through the American Legation at Constantinople.

Washington, July 11.—The State Department has received the amount of the American indemnity claims against Turkey $95,000 through the American legation at Constantinople.

As is always the case, the claims in the aggregate considerably exceed the amount of the indemnity actually paid, but our Government has expressed itself satisfied with the payment. It assumes full responsibility for the distribution, the Turkish Government leaving it to the State Department to distribute the money among the claimants at its discretion and after its own fashion.

These claims are principally based upon losses sustained by American missionary and educational institutions in Turkey, notably those at Harpoot and Marash, but there are a number of individual claims, such for instance as that of the family of the unfortunate bicyclist Lenz, the Pittsburg man who was killed by Turkish soldiers while attempting to go around the globe on his wheel.

A Negro Urchin Kills Another Presumably for 2 Cents.

Durham, N. C., July 11.—News was brought here tonight by passengers on the Norfolk and Western train that a negro boy named Drumright was murdered late yesterday afternoon by his cousin, both were boys, one twelve and the other fourteen years of age.

Some men at work on a bridge gave the younger boy two cents to go after a bucket of water. The two boys went off together, and late in the afternoon the younger one was found in a dying condition, passing away soon afterwards. Since then nothing has been heard from the older boy, and the supposition is that they got into a row over the two cents and that the murder resulted. The particulars about the affair are very meager.

A Disappointing Election Law.

From the New York Tribune.

If the test to which it was put at Annapolis last Monday proves anything, Maryland's new ballot law—rushed through a subservient Democratic legislature—seems destined to disappoint in practice the hopes of partisan advantage which prompted its enactment.

MORE TROUBLE IN CHINA.

A NEW INSURGENT ORGANIZATION TAKE PLACE OF BOXERS.

They Want to Expel all Foreigners From China—It is believed that Many of the High Officials Sympathize With Them.

Pekin, July 11.—The "Society of Allied Villagers," the new insurgent organization which has taken the place of the Boxers, is apparently encouraged by its victory over the Chinese imperial troops south of Paoting Fu, and reports received here indicate that it is growing rapidly and becoming bolder. Although it is difficult to secure details concerning the operations of the new insurgent association, grave fears are entertained here that there will be the most serious trouble in the near future. In some quarters is suspected that many of the high officials secretly sympathize with the new Boxers, and that genuine efforts to suppress them will not be made unless by the active efforts of the allied forces.

It is announced that Earl Li Hung Chang has ordered General Mayukun, who has arrived at Luancheng Huen, to immediately take re-inforcements to Chichou. Luancheng Huen is south of Chenting Fu and General Mayukun has ten thousand troops there. A portion of these forces is located at Lochin Fu, with the soldiers at Yunshib Kai, and they are on their way north. They will occupy the country in the vicinity of Pekin, to within twenty miles of the city, in accordance with the agreement of the French and English commanders. It is said that the French forces evince no desire to interfere with the Chinese imperial troops in the rebellious districts. Chichou is eagerly awaiting the results of Li Hung Chang's order to General Mayukun.

The number of armed troops possessed by the society of allied villagers is not known, but it is reported here that immense increases are being made in their ranks and the more optimistic of the insurgents hope yet to be able to drive all foreigners out of the empire. The growth of this insurrection is certain to cause further complications between the Chinese government and the powers.

OFF FOR ALASKA.

A LARGE AND DISTINGUISHED PARTY OF POLITICIANS AND MINING EXPERTS.

MIXING PLEASURE AND BUSINESS.

An Interview With Senator Butler Who is a Member of the Party—He Outlines What the Policy of the People's Party Will be.

St. Paul Dispatch, July 1st.

The Ryan hotel and St. Paul today entertained an unusually large number of politicians.

Senator Hansbrough was in conference with Jud La Moure over North Dakota affairs.

There was an Alaska excursion party, consisting of Senator John C. Jones, of Nevada, and his son Roy; former Senator Marion Butler, of North Carolina; former Senator R. E. Pettigrew, of South Dakota; Congressman William Sulzer, of New York; former Senator Stephen W. Dorsey, of New York, and a number of mining experts; Maj. Robert M. Catlin, San Francisco; his brother, H. G. Catlin, New York; J. D. B. Coates, of Atlantic, Iowa.

The party came in on a special car, and will leave for the coast this evening. From Seattle they will go to Alaska on a revenue cutter, and will spend a few weeks visiting points of interest along the coast.

The visitors were all thoroughly disgusted with the hot, muggy weather, and did not hunt up any of their friends about town.

Senator Jones, who in point of service, is one of the oldest, if not the oldest, member of the senate, is a typical Western philosopher in appearance. He declined to discuss politics, either from the standpoint of Washington or Nevada.

Congressman Sulzer, who is supposed to revel in things torrid, made the weather an excuse for saying nothing about politics, except that the democrats in New York city have clinched everything in sight for the next municipal election, and will not let the morality or any other office worth having get away. The congressman is smooth faced and boyish looking.

Senator Butler, chairman of the populist national committee, talked more politics than any of the others

"The populist party will go it alone next time, and we will poll more votes than we ever did before," said he. "The main issue will be public ownership—not of everything understand—but of the natural monopolies. We are not socialists. The socialist is like a dog. You step on his tail and he doesn't turn around to see who hurt him. He bites the fellow who happens to be nearest. The populist believes in competition. Let the public own the natural monopolies, and then for the rest, let it be every man for himself and the devil take the hindmost. All we ask is that there be equality of oppotunity. We don't believe in any Bellamy scheme where the government owns everything and everybody works for the government. A scheme of that kind will never make men. Men are made by keen competition, where steel clashes against steel, and Greek meets Greek.

"The silver question is dead for the time being at least, and for one I never favored the use of that word silver. All the true populist contends for is money enough to transact business and maintain the equilibrium of prices. There is probably gold enough now being mined to supply all the needs of commerce in the way of money, and it makes no difference to me or to any one else, whether the money is made of gold or something else, so there is enough of it. On the other hand, we don't want too much of it, for that means inflation, which is bad in its way as contraction is in another. I believe that coinage and the supply of money should be regulated by law. The people can certainly trust the people who fix their taxes to regulate the supply of money. If the banks are to control the supply of money then they should also have the right to regulate taxes.

"The Populist party is the progressive party of the South. In our state it enacted the legislation to encourage manufacturing which has brought so much prosperity to that section. We are now just beginning to get some of the benefits of protection. New England had the benefit of that system a long time, while the South was furnishing the raw material to make the people up there rich. It is our turn to prosper now."

Former Senator Stephen W. Dorsey, of New York, said that Gov. Odell had made one of the best governors New York ever had, and there had never been a more popular state official, especially with the farming element.

A Big Fire at Laurinburg.

Laurinburg, N. C., July 11.—A fire broke out here today in the McDougald Furniture Store at 2 o'clock p, m., and raged until 4 o'clock. At one time it looked as if the town was doomed. Eleven stores and a barber shop were consumed. * * * The total loss was $75,000 with insurance of $40,000.

THE MUNSON WRECKED.

CAPT. WATTS AND HIS CREW THREE DAYS UNDER A BLAZING SUN WITH NOTHING TO EAT OR DRINK.

A TERRIBLE TALE OF THE SEA.

The Men Were Beaten and Battered by The Wreck—Wounds of Some of the Men had Begun to Mortify When Rescue Came.

Tampa, Fla., July 13.—Captain C. F. Watts, of the ill-fated brig, L. F. Munson, from Mobile to Sagua la Grande, is in the city en route to Mobile. He himself is a physical wreck and tells a most thrilling story of the wreck of his vessel. The suffering of Captain Watts and his men is something which is almost too horrible to be put into words. "Wrecked upon a little raft, without food or water, under a blazing sun for three days, followed by huge, gloating sharks, seeing vessels pass within hailing distance and then fade into the distance, was almost too much for a human to stand," he says. The men, beaten and battered by the wreck, lay more dead than allve upon the raft, and many of them with wounds, which had begun to mortify when they were rescued.

"Sunday, while about 200 miles west of Tortugas, the vessel was literally battered to pieces in a storm. Almost in an instant all on board realized that the vessel was sinking. The life boat had been made ready, and provisioned for several days. All hands rushed to lower it, and in their haste the boat was overturned and rendered useless to them. They only, had time to climb upon the after house when the vessel sank, and left them twisting in the eddy of the water where the vessel had been.

"For three days the crew, lashed to the top of the afterhouse, were upon the tossing waves of the Gulf, the improvised raft upon which they sat being covered a foot or more with water and keeping that distance all the time. Thus for three days their bodies were under the water. The lashing waves soon tore the clothing from the men and their naked bodies were exposed to the tropical sun.

"They saw four vessels loom into view, and then disappear. When the night came on, chilling winds made the men shiver and suffer, to be followed by the blistering heat of a tropical sun the next day. With dry and parched lips and throats they suffered only such agonies as can be experienced, but not described.

"Monster sharks followed in their wake, and occasionally one more venturesome than the rest would come and place his snout against the little raft. These harbingers of death were always with the unhappy and helpless crew. Beaten and battered in a storm of a few days before, three men were wounded. They could do nothing for themselves and mortification set in soon and added to the horror of their situation."

Captain Watts says he does not believe his men will recover from their terrible exposure. As he left them at Key West they were in a horrible shape.

Trade of the Southern Mills With China

Philadelphia Times

A large New York company engaged in the export trade with China finds that its earnings for the first six months of the year as compared with the same period last year fell off about 50 per cent. This loss was in the cotton goods business, which has been greatly reduced in volume because of the war. Now it is said that exports to China are being resumed, and there are prospects that the trade from now on will show a return to former proportions. This will particularly favor Southern mills, which had been highly prosperous, while the New England industry could scarcely keep in motion, but which with the decline in the Chinese demand for sheetings, drills and the coarser weaves has lately passed through rather evil times.

June Bugs Put out the Lights of a Town

Zanesville. O., July 14.—Zanesville is almost entirely in darkness to-night, as a result of the visitation of June bugs in countless numbers. Electric light globes are filled and the lights are completely submerged by the ashes of the burned bugs. The hotel offices are infested with such swarms that it was necessary to close the doors, notwithstanding the intense heat.

In several instances church services were interfered with. The river bridges are almost impassable to pedestrians. The atomsphere about the lights is filled with clouds of live insects and floors are covered to a depth of several inches by dead ones.

Ex-Gov. of Texas Dies.

Dallas, Texas, July 12.—Hon. Richard B. Hubbard, formerly Governor of Texas and during President Cleveland's administration United States Minister to Japan, died at his home in Tyler, Texas, today.

FROG'S FATAL TASTE FOR DYNAMITE.

Exploded After a Meal, Killing One Child and Injuring Two Others.

Kansas City, Mo., July 11.—A special from Albany, says:

"An accident in which three children, a pet frog, and some dynamite figured here to-day resulted in one death, two persons seriously injured, and part of a dwelling demolished. The three children of George Mc Cury, a prominent contractor, found some dynamite in the cellar of their home, and, thinking it was putty, fed it to their pet frog. The pieces of dynamite resembled insects and the frog ate them.

"A large tool chest fell on the frog and exploded the dynamite. A chisel pierced the temple of the youngest child and killed it. Another child and Mrs. McCury in the kitchen above were seriously hurt, and that part of the house was wrecked."

Capt. Allen Thinks we Will Have to give up the Philippines.

Indianapolis, July 13.—Capt. Allen, of Frankfort, Thirty-eighth Infantry, who arrived home a few days ago, said yesterday that he believes the United States eventually will have to with-draw from the Philippines.

The insurrection is not broken, he says. If the Filipinos could shoot straight, it would be impossible for the United States troops to withstand their attacks. Captain Allen believes Aguinaldo will take the first opportunity to make his escape and get into the mountains and that he is just as much an insurgent as ever.

Seven Shot at a Country Dance.

Columbia, S. C., July 11.—Last night in the home of Aaron Chavis, near Neces, Orangeburg county, there was a fight in which seven persons were shot, including two women. Thomas Williams and Pope Chavis were shot through the lungs and will die; Mrs. Tom Chavis was wounded twice through both legs; Miss Mary Bias, shot in the shoulder; Aaron Chavis, wounded in the knee; Tobe Hoover, in the head, and Andrew Williams, through the hand. The fight occurred at a dance.

Cobb Appointed Collector of Customs

Washington, July 12.—The President has appointed Geo. W. Cobb, of North Carolina, collector of customs for the district of Albemarle, N. C.

THE GRANDFATHER CLAUSE.

VIRCINIA WILL NOT INCORPORATE IT IN ITS FRANCHISE LAWS.

It is "Class Legislation of the Most Vicious Kind and in Violation of the Principles of the Bill of Rights."

A special to the Charlotte Observer from Richmond, Va., says:

"The grandfather clause of the franchise laws of Louisiana and other Southern states meets with little or no approval by the members of the Virginia constitutional convention and it is quite certain that the principle involved in this legislation will not be incorporated in the organic law of this state. In the convention today Mr. O'Flaherty, of Warren, introduced a resolution in which he bitterly attacks the grandfateer clause. 'It is the sense of this convention,' Mr. O'Flaherty's resolution declares, 'that the adoption of any provision whereby a privilege is given one citizen over another in the matter of suffrage by reason of his or his ancestor's military service is class legislation of the most vicious kind and in violation of the principles of the Bill of Rights as promulgated to the world by Virginians more than a century ago, wherein they declare that no set of men are entitled to exclusive privileges, and in violation of both the letter and spirit of the constitution of the United States, which we voters have sworn to defend, as well as in violation of the principles of equal rights."

CHARBON STILL SPREADING.

A Reign of Terror in Some Parts of Mississippi—Seven Negroes Die of the Disease.

Memphis, July 13.—The scourge of charbon is creating a reign of terror throughout the counties of Bolivar, Madison and Ceahoma, in Mississippi, and it is reported there are not enough animals that have escaped the dread disease to work the crops for the remainder of the year.

The disease is so virulent that it is affecting all forms of animal life. Seven negroes have died in the vicinity of Beulah, Bolivar county, from the disease, and it has created such dread among other negroes that they are refusing to continue work.

Bride Wanted for an Eight-Footer.

Philadelphia Record.

A rich inhabitant named Rouen recently left a fortune to be devoted to encouraging the marriage of giants in his own country. Yesterday a man eight feet tall presented himself to the mayor and declared himself to be ready to marry any big woman in town, and he claimed the dowry. The mayor is in a quandary, as he knows of no giantess in those parts. He is seeking a bride of suitable height.

THE STRIKE IS OFF AT NEWPORT NEWS.

Over one Thousand Machinist Promised To Return to Work Monday.

Newport News, Va., July 11.—The strike of the Newport News machinists is at an end. The climax came suddenly tonight at a meeting attended by practically all of the machinists from the shipyard, when a vote was taken, and by unanimous consent the men decided to return to work Monday at the old scale.

The fact that the machinists could not obtain funds with which to support the idle men, and the further fact that the shipyard management demonstrated its ability to fill the vacant places, are responsible for the defeat of the strikers.

After the meeting this morning, a committee waited on Acting Superintendent Hopkins, of the yard, General Superintendent Post being out of the city, and asked that the men be allowed to return to work Monday at the old wages. This request was acceded to, Mr. Hopkins informing the committee that the men, many of whom have left the city, would be given their old places back and would be allowed ten days in which to return to work. He told the committee that immediate action was necessary on the part of the machinists if they would head off the new men destined for this place. This immediate action was taken tonight and telegrams were sent stopping the shipments of the outside machinests to this city.

The end of the strike is hailed with joy here, for business has suffered as well as individuals.

FLURRY IN WHEAT AND CORN.

A Day of Excitement in the New York Market—Farmers Feeding Wheat to Stock—60-Cent Corn the Cry in Chicago.

New York, July 12.—There was a scene of great excitement in both the wheat and corn markets at New York to day, trade aggregating one of the largest day's totals in a year or more, and specially as to corn. Prices jumped 2¼ during the day in corn, making 6½ advance for the week. Orders poured into the market so fast that brokers could scarcely execute them at the prices desired and the usually small crowd around the corn ring was increased to such an extent that at times it almost rivalled that in the wheat pit.

The farmers have taken the bull side into their hands, and in face of heavy realizing on the part of the professionals have kept prices going until the cry is for 60 cent corn in Chicago. Already prices are so high in the Southwest that formers are feeding their stock with wheat, and unless rain comes very soon, many fear only half the corn crop will be gathered where only a month ago it looked as if one of the largest yields on record would be harvested. Wheat, from being friendless, has suddenly boomed also and rose strongly.

Opposed to Singing "I Want to be an Angel."

Detroit, July 11.—The fourth annual convention of the American Society of Religious Education, opened this afternoon. Prof. L. H. Jones, of Cleveland, Ohio, and F. W. Walker, of Chicago, spoke on "The Sunday School as it should be."

Both speakers advocated teaching children what they ought to be morally at the same time they are instructed in their books in the day schools. Prof. Jones argued that normal schools should be established for the instruction of Sunday-school teachers, and that they should be paid salaries. Mr. Parker came out strongly against the singing of such hymns as "I Want to be an Angel," and urged that the Sunday-schools be put on a more common sense, practical basis.

Missouri Farmers Want a day of Prayer for Rain.

Jefferson City, Mo., July 11.—Governor Dockery has received numerous petitions asking him to issue a proclamation setting a day of fasting and prayer for rain. It is said that unless rain shall come soon, the failure of crops in Missouri will be the greatest since 1854.

THE DROUGHT IN THE WEST.

BAD OUTLOOK FOR COTTON AND CORN CROPS IN MISSISSIPPI AND MINNESOTA.

ANOTHER HEAVY STORM IN TEXAS.

The Mercury Reached an Hundred and Six Degrees at Sioux Falls, S. D.—Sixty per Cent of Corn Crop Ruined in Indian Territory.

St. Joseph, Mo., July 14.—The long-continued drought has resulted in the entire ruin of corn and and oates crops in this section of the country. No amount of rain will now be of any benefit to those cereals. The fruit and vegetable crops are also complete failures, and the pastures have dried up so that the farmers are paying enormous prices for hay and feed.

Omaha, Neb., July 14.—This city and the state has had another torrid day. The mercury registered 101 degrees. The atmosphere was fresh, however, with an absence of anything that tended to hot winds. This condition has prevailed for almost a week, and its effect on the corn crop has not been serious, although rain is needed to insure a fair crop.

Sioux Falls, S. D., July 14.—Heat again intolerable; temperature 106 on the street. No great damage has yet been done to crops in this vicinity, but much is feared.

Lincoln, Neb., July 14.—Nebraska sweltered in in the heat today. The sun beat down on the parched earth with unusual fierceness, even for this dry season. The highest temperature reported by the weather bureau was 102 degreess at 4:30 p. m., but thermometers in the business districts recorded 109. The mean temperature of the day was 90 degrees, the highest of the year. Reports show that no rain has fallen in the state during the past twenty-four hours.

BAD OUTLOOK IN MISSISSIPPI.

Jackson, Miss., July 14.—From all over the state come reports that corn, cotton and other farm crops have been seriously damaged because of the long-continued drought. Very little rain has fallen since April, and none at all, except in a few favored spots, since the 1st of June. Mississippi raised no corn last year because of continuous rains during June and July, and to fail two years in succession is a serious matter to thousands of farmers. The weather has been blistering hot for a week.

Burlington, Iowa, July 14.—Today was the sixth day in succession that the mercury went to 100 and over. The humidity in the atmosphere makes it very oppressive. There are no indications of rain.

Ardmore, I. T., July 14.—Cotton belt reports show that cotton is being injured by the drought that has prevailed in Chicasaw Nation for the past five weeks. Unless rain falls within the next few days crops will be cut short. About 60 per cent. of the corn crop has already been ruined. There will be no marketable corn. The crop of other grains is a total failure.

HEAVY RAINFALL IN TEXAS.

Denison, Tex., July 14.—The worst drought ever experienced in this section was broken this afternoon by a terrific rainfall of over two hours' duration, the volume of water being almost equal to a cloudburst. The storm was accompanied by a wind of almost tornado force. Reports indicate that the rain is general in this vicinity. It came just in time to save the cotton crop. It will benefit the fruit crop and furnish stock water, which had entirely failed, causing much distress. It will also benefit lowland corn.

The Southern Methodist Episcopal Church, recently erected at a cost of $15,000, was partially demolished and a number of small houses in the northern portion of the city were blown over and wrecked. Shade trees and window-glass all over the city were demolished. A tornado is reported to have passed over the Chickasaw nation.

CONVENTION OF BRYANS FOLLOWERS.

They Will Bolt the Former Convention—To Meet in Council in Columbus 31st of July.

Cleveland, O., July 14.—On July 31, Ohio democrats who believe in Bryan, the issues which he represents, and that the recent democratic convention ignored, will assemble in Columbus and make up a state ticket. Ten men met this morning in a down-town office building in this city and decided that a bolt should be made and that a new party should enter the field of Ohio politics. The attendance at the conference, it was stated, was larger and represented a greater area in the state than was expected by those who called the meeting.

A formal statement of principles was submitted to the conference and was adopted. This will be printed and sent throughout the state those who are known to be faithful to the Nebraskan. A convention was decided upon, to be held at the Great Southern Hotel, on the last day of July. To this convention may come all those who sign their names to the declaration of the principles.

THE AUGUST CAMPAIGN AND THE AFTERMATH.

The Raleigh Post Tuesday morning stated that Governor Aycock had received a communication from the Internation'l Council of the world headquarters at Seattle, Washington, notifying him that that society offered rewards of $500 each for participants in the recent lynchings at Smithfield and LaGrange.

It further stated that the Governor, in speaking of the interference of this outside organization with the affairs of the state said, that he thought North Carolina could take care of her own affairs in the matter of lynchings as well as other things, and that he dealred to serve notice now that hereafter when a lynching occurred anywhere in North Carolina he would immediately thereafter offer a reward on the part of the state of $400 for each of the participants in the lynching.

The Governor said also that he wanted it understood that those who commit that crime which brings about lynching will be summarily dealt with, and their just desires meted out to them with all possible dispatch.

We opine that the Governor might have made the task of stopping the crimes spoken of above a little easier if he had commenced earlier, to reform the state. But was he not made the leader last year of the mob law gang? Did he not endorse mob law when he was being escorted around the state by armed red shirts who seemed ready to commit any crime in the "name of democracy?" It is an easy matter Governor to start rioting and mob law, but it is a hard thing to stop it. You endorsed mob law last year (or seemingly did so,) did you not Governor? Now you say it must be stopped. Your red shirt followers are too well drilled in violence and crimes to listen now to reason. They think you are joking Governor, and we fear it will take several decades to get them to be good law abiding citizens again.

The spread of Charbon is creating a reign of terror in several of the Southern states. It is reported that in many of the counties in Mississippi that there are not enough animals that have escaped the dread disease to work the croos for the remainder of the year.

No one has been, able so far, to discover the cause of the disease. It causes a swelling in the animal's side, lik the "Sweeny," in appearance, and it kills in a very few hours. It is so venomous that it is affecting all forms of animal life. Seven negros have died in one county in Mississippi from the disease, and it has frightened the other negros so that they are refusing to continue work.

The News and Observer has at last heard from Gen. Julian S. Carr in regard to his northern speech. They published his letter, and after thinking the matter over for a day or two the editor of the Observer wrote over a two column article denouncing Gen. Carr for his political views, saying that Mr. Carr would not have made the speech he did had Mr. Bryan been elected President last fall. Had Mr. Bryan been elected it doubtless would have been Mr. Daniels time to have made a speech or "write a book," as it is not probable he would have gotten the "job" he was expecting.

The "grandfather" clause of the franchise laws of North Carolina and other Southern States did not find much favor in the Virginia constitutional convention in Richmond last week. A member of the convention said that it was "class legislation of the most vicous kind and in violation of the principles of the Bill of Rights, as promulgated to the world by Virginians more than a century ago". We are glad to see that there is one Southern State that is not ready to pass laws in violation to the Constitution framed by our forefathers.

The morning Post copies the following from the Durham Herald and very pertinently calls it "The proper view of it":

"For all we know the Governor may perform a merciful act every time he pardons an unfortunate, but it never occurred to some people that Governor Russell might have been doing the same thing."

We will have to ask our readers to excuse the non appearance of the usual amount of editorials in the paper this week. Both of our editorial writers are out of the city, and as the business manager does not claim to be much of an editorial artist, he has tried to give you interesting news matter instead.

Tied Daughter to a Bed Post to Keep Her From Marrying.

On Saturday, on application of William Chappell, a marriage license was issued to Edfus Chappell, his brother, aged 21 and Edna Hodges, whose age was stated as 18. It was to be a runaway affair, but Mrs. Chappell, formerly the widow Hodges, who had married Ed. Chappell, a brother of Edfus Chappell, got on to the affair and tied her daughter to the bed in her room, thus thwarting the proposed Satuaday night elopement.

Monday morning Edfus Chappell returned his license to the Register of Deed's office. Shortly after Mrs. Chappell appeared and gave notice that no license must be issued, as her daughter was under age, being about fifteen. With her was Mr. Ed. Chappell, her husband, and Miss Edna.

About this time Edfus Chappell entered the Register of Deed's office and Mrs. Chappell told him he could not have her daughter. The young lover declared he would not give her up, but declared he would have her in spite of everything on earth. He declares that she is over 18 years old and that her age is known in her neighborhood, The Register of deeds holds the license and will return it over to young Chappell when he calls for it. The parties to the affair live about nine miles from Raleigh, and all the parties left for their home Monday evening, but it is certain that young Chappell has not given up his girl.

LORD ROBERTS ON GENERAL LEE.

Says he Hopes Some Day to Visit Gen. Lee's Tomb.

Richmond, Va., July 15.—In a letter just received by Miss Mary Custis Lee, Lord Roberts, now commander-in-chief of the British army, and the hero of the British campaign in South Africa, says that it is his hope to some day visit Lexington, Va, and there look upon the tomb of Lee, the great Southern chieftain.

The following is an extract taken from the letter to Miss Lee:

"It may be that I shall never be able to carry out my wish of visiting your country, but I hope that some day I shall do so, and that I may see the monument in the college chapel at Lexington. I shall consider it a privilege to be able to show my respect and admiration for one of the greatest soldiers of any age—Lee, of Virginia.

With kind regards from Lady Roberts and myself, believe me, dear Miss Lee.

Yours sincerely,
FRED ROBERTS."

Bitten by a Mad Dog.

La Grange, July 15.—A mad dog bit the 10 year-old son of J. B. Hagan here Sunday afternoon. Mr Hagan leaves today for Baltimore to put his boy under the Pasteur method of treatment. The dog bit several other dogs and got away.

Lee Kirby Dead.

Lee Kirby, who it will be remembered was sentenced to the criminal insane department of the Penitentiary for the murder of his brother-in-law Lee Murrell several months ago, was released under habeas corpus proceedings before Judge Robinson and brought to the home of his mother in Turkey township last Wednesday at the point of death. He died Saturday night and was buried Monday morning at the old family burial ground, funeral services were conducted by Rev. L. R. Carroll of Warsaw. Peace to his ashes.—Clinton Caucasian.

EX-JUDGE WHITAKER PASSES AWAY.

He Was a Member of the Raleigh Bar—had Served as Judge for Four Years.

Ex-Judge Whitaker died at his place of residence on Hillsboro St., this city, Wednesday afternoon July 10th, after an illness of several weeks.

The funeral was preached at Christ church Thursday afternoon by Dr. Marshall, after which the remains were laid to rest in Oakwood Cemetery.

The late Judge Whitaker had been declining in health for a long while, and for some weeks he had been confined to his home. He was a sufferer from heart trouble, though a complication of diseases resulted in death.

In the civil war the deceased became Adjutant of the Thirty-Third N. C. Volunteers, and was in eighteen engagements, including such important battles as the Wilderness, Gettysburg, Fredericksburg, Appomattox and others.

When the American-Spanish war broke out Judge Whitaker became Major of the Sixth United States Volunteers and went to Porto Rico in the expedition to that island.

He was appointed by Gov. Fowle a Superior Court Judge to fill a vacancy, and remained a factor in politics until his death.

An Historic Ship to be Sold to Highest Bidder.

Washington, July 12.—The action of the Navy Department today in ordering the sale of the old frigate Minnesota is a reminder of the famous naval engagement between the Confederate ironclad Merrimac and the little Federal monitor.

The Minnesota was with the Constitution and the Congress which were run down and sunk by the Confederate ship in Hampton Roads, but the Minnesota was spared for attack the morning following.

During the night the little monitor arrived from New York, and when the Merrimac steamed out toward the Minnesota she was attacked by the monitor and the famous battle then took place.

The Minnesota is now in Charleston harbor, Boston, and has been used as a receiving ship by the Massachusetts naval militia. She has been appraised at $15,000 and the order of Secretary Long issued today is that she shall be sold to the highest bidder, but not at a figure below the appraised value.

An Essay on Habit.

A story is told of an English schoolmaster who offered a prize to the boy who should write the best composition in five minutes on "How to Overcome Habit."

At the expiration of five minutes the compositions were read. The prize went to a lad of nine years. Following is his essay:

"Well, sir, habit is hard to overcome. If you takeoff the first letter, it does not change 'abit.' If you take off another you still have a 'bit' left. If you take off still another, the whole 'it' remains. If you take off another, it is not wholly used up; all of which goes to show that if you want to get rid of a habit you must throw it off altogether."

always indicate a weak heart. They are usually preceeded or followed by palpitation or fluttering, and there may be pain in left side, a smothering sensation and shortness of breath. Such a heart should be treated at once, before the disease develops beyond control. Heart disease is as easily cured as other troubles if taken in time.

BANKERS:

Wells, Fargo & Co.'s Bank, 63 Broadway, New York.

Offer 200,000 Shares Treasury Stock at $3.00 per Share.

The California King Gold Mines Company owns 23 claims in Picacho Basin, four miles from the Colorado River in California, and 20 miles by direct road from Yuma, Ariz.

Development work has been in progress for the last six years, and more than 10,000 feet of shafts, drifts, levels and cuts have been completed and paid for by the owners.

Upwards of fifteen million tons of ore are now ready for the mill, all of which will be mined by open cuts at a nominal cost.

A contract has been entered into for the erection of a mill and cyanide plant capable of handling 1,000 tons of ore daily, which will be completed this year. The directors guarantee that this plant will be placed in operation, regardless of the amount of treasury stock subscribed.

The net profit after commencing operations will exceed $60,000 a month, and probably reach $100,000 a month, within a year. The ore in sight will supply such a plant for more than forty years.

The property is owned by the directors. There is no promotion stock or promotion money. No salaries to officers. Every dollar realized from the sale of stock goes into the treasury to pay for the plant. Not a share of stock has been offered for sale before.

Reports of J. Ralston Bell, London; Wm. A. Farish, Denver; Emerson Gee, Denver; P. C. DuBois, Berkeley, Cal; J. L. Sheperd and others, all eminent mining engineers, agree in recommending this property.

Application will be made to list stock on the Boston Stock Exchange.

Prospectus and any information desired will be furnished on application.

Raleigh Business Directory.

A newspaper whose columns overflow with advertisements of business men has more influence in attracting attention to building up a town than any other agency that can be employed. People go where there is business. Capital and labor go where there is an enterprising community. No power on earth is so strong to build up a town as a newspaper well patronized, and its power should be appreciated.—T. DeWitt Talmage.

The Ride to Campmeetin'.

'Twuz 'long about campmeetin' time,
with preachin' high an' low,
An' sence Sally wuz a-goin'—well, I
'lowed that I would go!
So I harnessed up ol' Betsy—a creetur'
true an' tried—
An' headed for campmeetin' with Sally
by my side.

She never looked so sweet to me in any
time or place:
The red rose warn't a pictur' to the
roses on her face!
An', stealin' sidelong glances, the
thought that come me wuz this:
"Them arms wuz fer a necklace, an'
God made them lips to kiss!"

We rid past bloomin' medders, an' seen
from left to right
"Sweet fiel's arrayed in livin' green
an' rivers of delight!"
But I jest had eyes fer Sally, an' said,
with many a sigh:
"On Jordan's stormy banks I stan' an'
cast a wishful eye!"

An' Sally—she wuz listenin', I tol' her
that the way
To that dear little heart o' hers seemed
longer day by day;
An' she said—a-lookin' at me as cun-
nin' as you please:
"'Must you be carried to the skies on
flowery beds of ease'?"

That teached my heart a lesson, but I
tol' her on the way,
Single "I'd not live always, an' I ask-
ed not fer to stay!"
An' then she said she'd have me!—an' I
shouted, full an' free:
"'Amazin' grace, how sweet the sound,
that saved a wretch like me'!"

Two Women Fall into Boiling Mud Spring at Yellowstone National Park.

Helena, Mont, Dispatch, 8th.

Word was received from Mammoth Hot Springs in the Yellowstone National Park to-day of an unusual accident, which occurred in the park on Saturday afternoon. Two women, whose names could not be learned, fell into one of the boiling "paint pots" at the Thumb, on the lake, and received burns from which they may not recover.

The paint pots at the Thumb are huge natural cauldrons of hot clay. Similar phenomena are found in various places in the park, the giant paint pots being near the Fountain geyser.

An elderly woman and her daughter, who were touring the park by way of the Monida route, were inspecting the boiling mud springs on Saturday afternoon. They were unaccompanied, and all the details of the accident may never be known. One of the women fell into the boiling mud, and it is presumed that the other fell in while trying to rescue her companion. Both women were submerged almost to their waists. Friends who were some distance away heard the cries for help, and rushed to their assistance. They were pulled out of the boiling spring, and taken to the Lake Hotel. Medical assistance was summoned from Mammoth Hot Springs. Both women were frightfully burned.

W. W. Wylie, of Bozeman, who returned from the park to-day, states that another accident occurred there recently. A German tourist who had ventured too close to the Old Faithful geyser in the Upper Geyser basin was frightfully scalded.

"The tourist was standing over the crater of Old Faithful," said Mr. Wylie, "when a volume of hot water shot up, striking him in the face and throwing him backward into a pool of almost boiling water which had been left by the preceding eruption of the geyser. He was badly scalded."

Casey's Case.

Law Notes is responsible for the following illustration of the convenient elasticity of a technicality in the right hands:

A Canadian gentleman, named Casey, was appointed to a government place which technically had to be occupied by a lawyer, which Mr. Casey was not. The benchers of the Law Society, however, undertook to obviate the technicality, and appointed one of their number to examine him as to his knowledge of the law.

"Well, Casey," said the examiner, "what do you know about the law, anyway?"

"Well, to tell the truth," said Casey, modestly, "I don't know a single thing."

"I have examined Mr. Casey as to his knowledge of the law," the examiner stated in his affidavit, "and to the best of my knowledge and belief he answered all the questions entirely correctly."

Merely a Suggestion.

From the Baltimore American.

"Now, my hearers," asked the lady orator, who had just finished enumerating the qualities which should be possessed by man, "what should be done with this ideal husband?"

"Have him stuffed," suggested a coarse, frivolous person in a side seat.

Meaning of the Blackbirds and the Pie.

"Sing a song of sixpence,
A pocket full of rye!"
Do you know the meaning
Of the Blackbirds and the Pie?
The hours are the Blackbirds—
Just twenty birds and four,
Earth and sky the pie crusts,
Out of which the Blackbirds soar.
"When the Pie was opened"—
This means the break of day,
When the dawn beginneth,
And the early sunbeams play,
By the King is meant, dear,
The sun, up in the sky,
And the golden moments
He is counting, as they fly.
Then, the Queen's the moon, dear,
The Maid who hangs the clothes
Is the fair Aurora,
Who on us the dawn bestows;
And the Bird that jumped up
And nipped the poor Maid's nose,
The first hour of morning,
When Aurora always goes
So, sing a song of sixpence,
A pocket full of rye!
Now you know the meaning
Of the Blackbirds and the Pie.

Women Have a Darning Club.

The women of Centralia, Mo., have organized a darning club. Men's socks are a specialty in their new organization, and it has been denounced as an encouragement to bachelordom.

The officers of the club are the most expert menders and they assist the rest by showing how to mend the worst holes. "She who cannot darn cannot join" is the club's official motto, but exceptions have been made in the interest of uninstructed sisters and the motto no longer has the force it had at first. Meetings are held fortnightingly and the club boasts of having darned 144 pairs of hosiery at a sitting.

Members only are admitted to the afternoon sessions, but in the evenings admiring husbands are permitted to attend and to watch their better halves at work. No charge is made for the sock darning and those bachelors of Centralia who expect to live elsewhere in some period in their lives are very anxious that such a useful institution as its darning club shall be imitated as widely as possible.—Ex.

Acting Like a Lady.

London Spare Moments.

A little girl from an East End slum was invited with others to a charity dinner given at a great house in the West End of London. In the course of the meal the little maiden startled her hostess by propounding the query:

"Does your husband drink?"

"Why, no," replied the astonished lady of the house.

After a moment's pause the miniature querist proceeded with the equally bewildering questions:

"How much coal do you burn? What is your husband's salary? Has he any bad habits?"

By this time the presiding genius of the table felt called upon to ask her humble guest what made her ask such strange questions.

"Well," was the innocent reply, "mother told me to behave like a lady, and when ladies call at our house they always ask mother those questions."

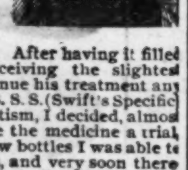

Major Belle Reynolds.

The only woman who won the commission of major by reason of services rendered at the battle of Shiloh during the Civil War was Belle Reynolds. When the soldiers were sent to the Philippines during the Spanish-American War she enlisted in the Red Cross Service, and in her spare time undertook school-teaching. Major Reynolds has collected several dainty and beautiful pieces of Philippine Embroidery and Drawn Work, showing the extraordinary results secured by the Philippine women who have so much time to spare for their one accomplishment—Needle-work. Illustrations of this Needlework appear in the August number of The Delineator. Those of our readers who are interested in unusually fine work should not fail to look at the specimens shown.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all, S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned and I am happy to be again restored to perfect health.

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

R·I·P·A·N·S CURE DIZZINESS

I feel it my duty to tell of the benefit I have obtained through the use of Ripans Tabules. I am twenty years of age and employed as saleslady in one of the large stores here. For six months I had been subject to spells of dizziness and tried several remedies without any marked benefit. I then decided to try Ripans Tabules, having seen them advertised a great deal in "The Record." I continued to take them for three months regularly, and was then feeling so well that I discontinued their use. It has now been a month since I have taken a single Tabule, and I have had no dizziness and am feeling splendid. I have recommended R-I-P-A-N-S highly to my friends and do not object to having this testimonial published at any time.

MISS FLORENCE RICHARDS,
N. E. Cor. Front and Tasker Sts.
Jan. 20th, 1901. Philadelphia, Pa.

There is scarcely any condition of ill health that is not benefited by the occasional use of a R.I.P.A.N.S Tabule, and the price, 10 for 5 cents, does not bar them from any home or justify any one in enduring ills that are easily cured. For sale by druggists.

The Mercury Reached 112.

A SUSTAINING DIET.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the day fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

Men can be cured privately and positively at home of all weakness and disease. Write for new free book to Dr. J. N. Hathaway, 22½ S. Broad St., Atlanta, Ga. tf.

Now is the time to subscribe to the CAUCASIAN. Only $1.00 a year.

DISTRESSING STOMACH DISEASE.

Permanently cured by the masterly power of "SOUTH AFRICAN NERVINE TONIC." Invalids need suffer no longer, because this great remedy can cure them all. It is a cure for the whole world of stomach weakness and indigestin. The cure begins with the first dose. The relief it brings is marvelous and surprising. It makes no failure; never disappoints. No matter how long you have suffered, your cure is certain under the use of this great health-giving force. Pleasant and always safe. Sold by Henry T. Hicks, Druggist, Raleigh, N C.

Reasons Why you Should Insure in the *The Manhattan Life*

Its business is confined strictly to the most healthy portions of the United States, thus its policyholders constitute what you might call a preferred class.

It is one of the strongest companies in the World, and its assets are big enough—$16,367,636.00—all gilt edged, and are invested entirely in America, thus receiving the constant care and attention of the officers of the company.

It is an American company, amenable only to our own laws and not subject to the dictation of various foreign governments.

It is not a racer for new business, the watch words of the company being, Strength, Solidity and Security.

Its policies are simple, clean, straightforward contracts

Its management has been practically the same for a quarter of a century.

It has paid its policyholders since organizatiod over $45,000,000.00.

We judge a company as we do a man. What are its morals? When other companies deserted the Southern Policy-holder, and used both the money he had contributed towards their success, and their influence to destroy him, the Manhattan stayed firm as a rock—"Justice" was their motto. See what a distinguished Statesman of Georgia says:

STATE OF GEORGIA,

Treasury Department.

Atlanta, Ga., May 12, 1891.

Why Mr. Hardeman had a policy in the MANHATTAN LIFE.

Maj. Jos. H. Morgan, Special Agt. Atlanta.

Dear Sir:—As agent of the Manhattan Life Insurance Company of New York, it affords me pleasure to say to you that my father was insured in your company, and by reason of the late war, he was unable to reach your company and pay his premiums as they fell due; and that after the cessation of hostilities, my father having died during the war, your company have paid to my mother the amount of his policy less the amount of premium unpaid. Yours Truly,

(Signed) R. U. HARDEMAN, State Treasurer.

And this was not an isolated case by no means.

So soon as the civil war was over the Manhattan announced that the company was ready to communicate with the old policyholders, inviting them to reinstate their policies, making one condition only, that the policyholders should be in good health.

Such an act of generosity was unthought of by any other company or corporation.

Knowing that their Southern policyholders were, most of them, men who had made every sacrific possible for the land that they loved, and that had been reduced from affluence to poverty, they offered, in lieu of ready money to accept a note covering the entire premium during the time that payments had lapsed. In addition to that they placed these policies on the same footing of other policies of the same date, in regard to dividends and and annuities.

The company went even further: In cases where the insurer was unable to comply with these very liberal terms, or did not care to renew the policy during these troublesome times, the Manhattan agreed to pay the purchase value of the policy as it stood on the date of the lapse from the non-payment of premiums

Although the Manhattan has made no boast of this act of generosity, which was not followed by other Northern Companies, "on the ground that the disloyalty of Southern policyholders vitiated their contracts," still it remains on record that the Manhattan was true and steadfast, honest and equitable, when all others forsook the old soldiers in the time of their direst necessity.
